SIR,

RE MR N HANUMANTHA RAO, SANITARY INSPECTOR, MYSORE CITY MUNICIPALITY - DATE OF SUPER-ANNUATION - EXTENSION FOR ONE YEAR

I have the honour to state that in the Service Register of the above official the date of birth is mentioned as 28th March 1888, whereas the date of birth accepted by the Mysore State Life Insurance Department is 28th March 1887 This discrepancy in the date of birth was referred to this Office by the Health Officer, Mysore City towards the end of February 1942 In his explanation the Sanitary Inspector stated that the service register now maintained was only a substitute for the original which was lost, that the entry in the original service register was made on the information furnished by his father and that he has neither the original nor a copy of the horoscope to substantiate the date of birth The matter was therefore referred to the Secretary, Mysore Government Life Insurance Department, who in his letter dated 4th April 1942 intimates that the date of birth, viz , 28th March 1887 was accepted on the strength of the origiral horoscope filed in the Insurance Office He has also sent a copy of the letter of the Amildar, Hiriyur Sub Taluk, which

which says that 28th March 1887 is the date of birth of the official as entered in his service register Copies of the letter and its enclosure are enclosed

For the foregoing reasons, the reference to Government for the extension of the service of the official could not be made earlier, and the official has had to be continued beyond his date of superannuation

The President, Municipal Council, Mysore City in his letter No 1860 dated 29th March 1942 recommends the continuance of the services of the Sanitary Inspector until 28th March 1943 and this period of one year from 28th March 1942 has to be treated as extension period in view of the correct date of birth being 28th March 1887 and not 28th March 1888 as entered in the present Service Register of the official

In making the recommendation for continuance of the services of the Sanitary Inspector, the President, Municipal Council, Mysore, intimates that the Sanitary Inspector is reported by the Health Officer, Mysore City, to be an intelligent and experienced Sanitary Inspector and physically fit, his work being quite satisfactory all along The Sanitary Inspector is also reported by the Health Officer to be proving very enthusiastic and useful in the reorganisation of the activities of the Health Section A copy of letter No 1860 dated 29th March 1942 of the President, Mysore City Municipality is enclosed herewith for information

Under the above circumstances, I request you to be so good as to obtain and convey sanction of Government to the grant of one year's extension of service to Mr N Hanumantha Rao, Sanitary Inspector, Mysore City Municipality, from the date of superannuation, viz , 28th March 1942 The Service Register of the Sanitary Inspec-

Sanitary Inspector is also enclosed

Sir,

Mr H Hanumantha Rao, Sanitary Inspector, Mysore City Municipality - date of superannuation

—

With reference to your letter No L 10944/41 55-41-96 dated 19th May 1942 calling for a report as to entries in the substitute service register of the above official, I have the honour to enclose herewith a copy of submission note dated 31-5-42 of the Sanitary Inspector sent to this office by the President, Mysore City Municipality in the matter

The Sanitary Inspector states in his representation that the entries in the substitute register were made by him in 1934 as per information available and that he had neither the horoscope nor any record which could furnish correct particulars about the date of birth etc

I have the honour to be,
Sir,

Submission note dated 31-5-42 of the Sanitary Inspector, Mysore City Municipality, Mysore

--

Ref - No G E 6854/5 R from the President, City Municipality, Mysore dated 27-5-1942

—

As already represented in my previous report, the Service Register was ascertained to be lost while the records of the Taluk Board which was located in a private rented building were transshipped to the newly built Taluk Office building at Chitaldrug in about the year 1923

But the fact of the loss of service register came to my knowledge only about 2 years and later after some correspondence between the Taluk Office and the President, District Board a substitute service register was opened in the year 1934 as per orders of the Amildar of Davangere Taluk

If the substitute service register had been prepared by copying entries from the original register the mistake could not have occurred There was no necessity to prepare a substitute at all if the original was available

The entires in the substitute register are in my hand writing The register had to be prepared as per instructions of my superior officers on the information radily available

As already submitted by me previously there was no horoscope with me and there were also no other records which would furnish correct particulars about the date of birth etc

I humbly beg to submit that I was in the least responsible for the loss of the service register and the difference between the date given in the Life Insurance policy and that given in the substitute service register is solely accidental

As I am without pay for the last 3 months and thus put to much inconvenience in these hard days, I humbly beg to request that very early orders may kindly be passed in the matter
